Web Announcement 1773

Medicare Beneficiary Identifier (MBI) Changes Impacted Nevada Medicaid Claims

Update to [Web Announcement 1616](#) and [Web Announcement 1639](#): When the programmatic changes to replace references to recipient Social Security Numbers with the Medicare Beneficiary Identifier (MBI) were implemented, some Nevada Medicaid claims did not process completely. The impacted claims that did not process completely between March 5, 2018, and July 18, 2018, have been released to adjudicate correctly. Results of the released claims appear on remittance advices dated November 30, 2018.
